EDUCATION

Singapore Management University (SMU) **Aug 2025 – 2029 (Expected)**

Bachelor of Science in Economics

- Cumulative Grade Point Average (CGPA): 3.10/4.00
- Writing and Reasoning (A), Management Communication (A-)

Singapore Polytechnic **Apr 2020 – Apr 2023**

Diploma in Engineering with Business

- Cumulative Grade Point Average (CGPA): 3.70/4.00

CERTIFICATIONS

Claude 101, Anthropic **2026**

Institute of Banking and Finance (IBF) / CMFAS **2025**

- Securities Industry Certification (SCI), Module 4 (M4) and Module 4A (M4A) — qualifying examinations for regulated capital markets and financial advisory activities in Singapore

Harvard Business School Mentorship Programme **2022**

- Completed a structured mentorship programme covering business strategy, case-based problem solving and professional development

EXPERIENCE

Great Eastern **Feb 2023 – Oct 2023**

Recruitment Officer / Marketing Associate

- Marketed open positions across multiple business units, building outreach campaigns to attract candidates to advertised roles
- Conducted candidate interviews and assessed suitability, supporting hiring managers through to offer stage

Pepperl+Fuchs **Sep 2022 - Feb 2023**

Application Developer Intern

- Sole developer on the project, taking a mobile application for a new company flagship product from concept to working prototype independently, with no other team members on the project
- Self-taught Swift and SwiftUI from scratch over the course of the internship and applied them directly to production feature development
- Delivered the completed application approximately 3 months ahead of the schedule set by the supervising team

EXTRACURRICULAR ACTIVITIES & COMPETITIONS

SMU Emerging Markets **Aug 2025 – Present**

Analyst

- Covered the Latin American region, conducting research at the macro, industry, and company level, and presenting findings and investment views to the analyst team and wider club, defending key assumptions and valuation drivers in Q&A
- Co-authored an industry brief on Chilean copper, establishing the country's structural advantage through 21.3% of global reserves, 24% of global supply and US$637.4m of exploration capital in 2024, and linking output growth of 3.5% YoY to accelerating renewable-energy and EV demand from Chinese and US buyers

Fullerton / SGX Value-Up Singapore Equities Challenge **Dec 2025 – Mar 2026**

- Competed in a Singapore-listed equities case competition, performing fundamental analysis on SGX-listed companies and building an investment thesis around value-up and capital-return themes to finish in the top 10%

Heartland Innovation Competition **Feb 2022 – Jun 2022**

- Partnered with Fun Learners School to diagnose operational and commercial pain points, working alongside the owner to understand the business first-hand
- Applied design thinking to develop a full growth proposal that the company accepted, and was subsequently offered an internship to implement the solution directly

VOLUNTEERING

SMU EMBER **Jan 2026 - Present**

- Ran regular engagement sessions for elderly beneficiaries, including mahjong activities and organized outings
